

**2018 ROSÉ OF SYRAH**  
**HAYMAKER VINEYARD, NAPA VALLEY**

VARIETAL %'S: 100% Syrah

WINE CHEMISTRY: pH 3.33      TA 6.9 g/L      Alc 13.1%

HARVEST NOTES: 2018 started with abundant rainfall followed by an even growing season marked by sun filled days and cool, marine influenced nights. We harvested on August 30th after a relatively mild summer, on a chilly morning at 58 degrees when picking was complete. The near ideal conditions gave us fruit that accumulated flavor complexity, and produced plump and juicy berries with bright acidity.

VINEYARDS: Haymaker - An eastern-facing mountain vineyard, located in a frost free zone between the valley floor and mountain top with ancient marine sedimentary soils.

WINE DESCRIPTION: A burst of watermelon starts the palate, followed by strawberry and pomegranate with hints of citrus blossom. We use the direct press method, allowing for a lush and rich texture, balanced by a well integrated acidity that gives a mouth watering finish. Our dry Mediterranean style Rosé is superb for sipping on its own or enjoying with spring green salads or a seafood dish.
